

EINLADUNG

Zeit: Montag, 8. Juni, 17.00 Uhr

Ort: Seminarraum Informatik 4, Ahornstr. 55

Referent: Jim Carlo,
J.Carlo Consulting LLC

Titel: IEEE 802 - Standards and Processes

Abstract:

This talk will describe the IEEE 802 organization, focusing on the key principles that have led to the success of IEEE 802 standards. Jim will also describe the process requirements in developing IEEE standards and how Patents are handled in the process. Patents can both benefit and harm the overall Standard Process.
